*Note: Cold wash at delicate cycle is recommended to avoid migration of yellow pigments. Further information at [www.themagictouch.com](http://www.themagictouch.com)*

Note: This Recommendation is based on internal Test results on one machine in good condition in an average office environment. Performance will vary depending on environmental conditions, age of the equipment and its consumable components and consistency of power supply. TheMagicTouch will at no time accept any damage claim based on this recommendation.
